If you had the choice, you wouldn't make an order out like that, would you? In fact, you'd probably protest against the delivery of such an order.

But—supposing that you COULDN'T refuse delivery—"Are you Prepared?"

Everybody needs it, of course.

Everybody is going to need it more in the future, too, when the earning capacity is less than during youth or middle-age.

The best way to be sure to have some THEN is to save a little NOW—a little at a time, but that little often.

The reservoir, costing \$18,000 and having a capacity of 750,000 gallons, has been filled twenty-three days and in that time has lost only an inch of the contents. He was taken to San Francisco several months ago and has been waiting instructions from the navy department.

Reports from Windward Oahu are to the effect that considerable damage has been done to the new around-the-island belt road through washpits caused by the recent heavy rain storm. A 300-foot stretch was completely washed out near Heek, and a motor truck sent there yesterday with material for repairs sank down to the hubs. At this point, the travel has been transferred to the old beach road until the belt road is once more placed in order.
